

Black Canyon Audubon Society Annual Dinner

Wednesday, June 20, 6:00 p.m.

We will be gathering at Remington's Restaurant at The Bridges Golf Course in Montrose. This year's annual dinner will include a delicious meal and a talk by **Chris Parish** of the Peregrine Fund, who will give an illustrated talk about bringing the **California condor** back from the edge of extinction. This is America's biggest bird and has been returned to the wild in Arizona and California. It sometimes makes its way to Colorado. Chris has taken great photos of condors released into the wild.

This is our annual opportunity to raise funds through our silent auction.

Please join us for a fun and relaxing evening!

Dinner Reservations

Please indicate choice and number of entrees, each priced at \$35 (includes gratuity):
